

CASA Volunteers Change Lives for Georgia's Children in Foster Care

"Being in foster care is living in a constant state of flux. Homes, schools, families... everything is always changing, often suddenly and without warning. The only constant was my CASA volunteer. Without her I would have been lost in the system."

MELISSA, Former Foster Youth

The Problem: Overburdened Systems

will find themselves in foster care this year.

On average, a child will spend more than a year in foster care.

Each child will change homes an average of five times.

The Solution: Citizen Volunteers

Trained CASA Volunteers help abused and neglected children find safe, permanent homes.

A Wise Investment

One year of CASA advocacy costs less than one month of foster care.

CASA Programs Change Lives

A child with a CASA volunteer is more likely to find a safe, permanent home.

A child with a CASA volunteer is half as likely to re-enter the foster care system.

And, they are more likely to succeed in school and less likely to spend three or more years in care.

Our Vision: Serving Every Child
