

One Caring Adult Can Change A Child's Story.

CASA volunteers are everyday members of our community who choose to walk alongside children who are experiencing foster care due to abuse or neglect.

They build meaningful relationships, ask important questions, and advocate for each child's best interests, helping ensure their needs remain at the center of decisions about their future.

You don't need a special background or professional experience to become a CASA volunteer. You simply need a heart for children, a willingness to learn, and the commitment to show up. Children in our community need caring people like you. Your voice can help **Change A Child's Story.**
